

MEMORANDUM FOR: C/NIC

16 January 1986

Bob, Chuck Briggs tells me that DCI is to appear before SSCI (strategic . . .) on the 25th, and has said that RMG should probably thus take the worldwide briefing (sorry) before Senate Armed Services on that date. [] I can show you what we've done thus far on the WWB, though you may well prefer to have it repackaged in some major way. Please give me a ring.
